

SyberWorks Media Center Debuts New Article - *“Designing Interfaces for Exchanging Data with a Learning Management System”*

Waltham, Massachusetts – September 18, 2008

SyberWorks, Inc., a leader in custom e-Learning Solutions and the Learning Management System (LMS) industry, today announces an article available in the SyberWorks Online Media Center: *“Designing Interfaces for Exchanging Data with a Learning Management System,”* by Dana Fine, Senior Instructional Designer and Implementation Consultant for SyberWorks.

Mary Kay Lofurno, Director of Marketing at SyberWorks, states:

“The article discusses the ins and outs of developing a data-exchange interface between a Learning Management System and a company’s Human Resources Information System (HRIS), or with any other enterprise-wide platform.”

Lofurno adds, “The article provides background on HRIS and Active Directory interfaces, and offers tips for the proper handling of personally identifiable information. It’s a must read for anyone planning to implement a company-wide Learning Management System.”

The article is located in the SyberWorks Online Media Center at <http://www.syberworks.com/articles/hrisdap.htm>.
