

## e-Learning Lingo Podcast Discusses “Generative Learning Model”

Waltham, Massachusetts –November 5, 2009

SyberWorks, Inc., a leader in custom e-Learning Solutions and the Learning Management System industry, today announces the next episode of the e-Learning Lingo Podcast Series, about a concept used in learning theory: “Generative Learning Model.”

Dave Boggs, CEO of SyberWorks, states, “This week’s episode of the e-Learning Lingo Podcast discusses a process that encourages students to create meaning with the information they have learned, by taking action with that new knowledge.”

The e-Learning Lingo Podcast Episode #114: “Generative Learning Model”

### About The e-Learning Lingo Podcast

The e-Learning Lingo Podcasts are created by SyberWorks, Inc. as a free service to academia, and a resource to the e-Learning industry at large. Each week, the e-Learning Lingo Podcast Series discusses one or two important terms used by professionals in the e-Learning industry. The e-Learning Lingo Podcast focuses primarily on terms used in e-Learning, Performance Management, and Human Capital Management. The podcasts themselves are very brief and are designed for busy executives or students who don’t have a lot of time.

### About SyberWorks

SyberWorks, Inc. (<http://www.syberworks.com>) is a leader in the custom e-Learning Solutions and Learning Management System industries for Fortune 1000 corporations, higher education, and other organizations.
