

SyberWorks LMS e-Learning Implementation Podcast Looks at Hospital Certification and Training Learning Management

Waltham, Massachusetts – November 10, 2009

SyberWorks, Inc., a leader in custom e-Learning Solutions and the Learning Management System (LMS) industry, today announces the next episode in their LMS e-Learning Implementation Podcast Series: *“Hospital Training and Certification Learning Management.”*

David Boggs, CEO of SyberWorks, states:

“In this episode, Theresa Humphrys, Director of Organizational Development and Learning and Janet Sharpe, Project Manager for Children’s Hospital of Eastern Ontario (CHEO), discuss their use of the SyberWorks Learning Management System to train and certify hospital employees.”

Boggs continues, “They look at the business drivers that precipitated their LMS purchasing decision, the various certification standards to which CHEO employees are subject and their impact on training requirements and internal LMS deployment issues associated with the project.” Mary Kay Lofurno, Marketing Director for SyberWorks narrates the series episode.

SyberWorks LMS e-Learning Implementation Podcast Series, Episode #32: *“Hospital Training and Certification Learning Management”* <http://www.syberworks.com/audio/success32.mp3> is located in the SyberWorks Online Media Center at http://www.syberworks.com/success_podcast.htm in the ‘About Us’ section of the SyberWorks web site. The transcript is located at http://www.syberworks.com/success32_transcript.htm.

About Children’s Hospital of Eastern Ontario

The Children’s Hospital of Eastern Ontario is an academic pediatric hospital affiliated with the University of Ottawa, with a mandate for care, research and teaching. Over the past thirty years, CHEO has established itself as a world-class academic health sciences centre providing leading-edge treatment, diagnostic and laboratory services for children and youth aged 0 to 18 years. CHEO houses the Provincial Centre of Excellence for Child and Youth Mental Health and the Ontario Newborn Screening Program. CHEO is an active partner in the Champlain Local Health Integration Network, providing leadership in all aspects of pediatric health and wellbeing. Visit www.cheo.on.ca for more information.

About The SyberWorks LMS e-Learning Implementation Podcast Series

The SyberWorks LMS e-Learning Podcast Implementation Series looks at actual learning management system (LMS) implementations and e-Learning program rollouts. Developed for busy training and e-Learning professionals, they feature how corporations, governments, and non-profit organizations are using online training to improve performance, instruct employees, increase customer acquisition and retention, and more!

The SyberWorks Learning Management System/Learning Content Management System

SyberWorks Training Center (STC) is a Web-based Learning Management System (LMS)/Learning Content Management System (LCMS) that provides complete solutions for managing and tracking all types of training at your organization — from e-Learning courses to traditional classroom training and self-paced study programs. The STC

includes extensive testing and assessment tools, reporting, management, communication and collaboration tools, and quality control capabilities — all in one integrated database application that is highly scalable to precisely meet your organization's needs. The SyberWorks Training Center LMS/LCMS can be purchased as an enterprise license or hosted application.
